# LARSON®

Experience is Everything

BOATS

## SEI 180 LX BOW RIDER SPORT

It's a great boat — and a great beginning to the boating experience. The Larson SEi 180 is versatility and value at it's finest. She's a 5.3m (17'6") bowrider with a beam of 2.36m (7' 9"), ready to carry your family in style. A full-width transom platform features a boarding ladder and ski eye to keep things fun — and the 180's Sport interior with standard full rear lounge, a sunpad and bucket seats in front to keep you comfortable. A marine stereo and complete instrumentation are sweet — and standard. Larson 2008 models are now available and in stock.
