

## **Streaker Boats Appointed Lewis Ski Boats Dealer**

---

In a bold move aimed at delivering a prestige Australian built ski boat to the Victorian market, Streaker has just been officially appointed as the sole Lewis Ski Boats dealer for Victoria. Melbourne based Streaker Boats operates from a purpose built showroom in Bayswater, right in the heart of Australia's ski boat manufacturing precinct.

The Lewis name has been at the forefront of Australian water skiing since the 1930's, leading the way in power boat and ski boat development. Forging a strong reputation for uncompromising quality, performance and design, Lewis Boats now sets the standard by delivering one of the strongest hull construction techniques in the industry.

Streaker Boats also manufacture their own line of fibreglass fishing boats, so it is appropriate that Director Leon Savage is well placed to comment on the design and structural integrity of the Lewis brand.

"Lewis Ski Boats is deservedly one of the benchmark brand names in the Australian leisure boat business," Leon Savage said.

"I am greatly impressed with the complete Lewis package – the design, construction, presentation and performance are all first rate."

“I have the greatest respect for the Lewis brand and the Lewis heritage. It is with great pride that Streaker Boats is now representing the Lewis brand in Victoria.”

The initial stocking of Lewis Ski Boats in Melbourne covers the Eclipse model. This is a wonderful blend of classic mid mount ski boat with the addition of the bow rider section and wake board tower. As a package the Lewis Eclipse has few peers, offering the best in value, quality and performance.

“This is a sensational boat that fits neatly into the middle of the family ski boat market,” Leon Savage said. “There are competitive ski boats that are way more expensive and others that are pretty basic and cheap. The Lewis Eclipse delivers great value for money with thousands of hours of safe boating ahead.”

The Lewis Eclipse is powered by a MerCruiser 350 Towsport mid mount engine, with forward, neutral and reverse transmission. This is a spacious and comfortable boat with a load of unique features. The bow section is one of the largest on the market. There is a large rear storage locker, side pockets and a full length storage unit behind the observer’s seat and under the deck.

Streaker Boats has put together a special introductory package to celebrate their appointment as an official Lewis Ski Boats dealer. Streaker Boats is offering a highly optioned Lewis Eclipse as a complete turnkey package on a tandem trailer for \$65,490.

“We are delighted with our appointment and look forward to meeting and assisting water ski families at our huge undercover, modern showroom,” Leon Savage concluded.

Streaker Boats is a leading Melbourne marine retailer, being authorised dealers for Quintrex, Streaker, Lewis Ski Boats, Yamaha outboards and Wave Runners. The company is one of the few Yamaha dealers in Australia that has been awarded the status of Platinum dealer.
