

Sailfish
CATAMARANS

2800

Platinum Series

When the reels are screaming and all hell breaks loose, room to move is vitally important to ensuring your best chance of landing that dream catch. That is why the 2800 was built with one clear objective... the ultimate blue water fishing performance available on a trailer in Australia.

The huge 2800 gives you the freedom to choose where you want the space allocated to best suit your boat style. From full size double beds, bunks, galley or a cockpit that would make any charter boat operator jealous, the 2800 is the boat we all dream about, the ultimate sportfisher or family weekender. At under 3.5t, the 2800 is easily towable behind a Landcruiser. Be one of the select few who are lucky enough to turn dreams into a reality.

Priced from \$157,960

Also available in 2200, 2400,
2600, 3300, 3700, 4000 models.
