

## **Webbe Marine - The Honda Capital for Excellence in NSW**

Webbe Marine has been formally recognised as the Honda Marine New South Wales Dealer of the Year in 2008.

Honoured for outstanding sales success and dealer excellence, the specialist catamaran dealer was proud to receive the award and relished the prized opportunity to visit Japan and tour the Honda outboard manufacturing plant.

Power catamarans have been a retail staple for Webbe Marine since the Sydney-based business streamlined its huge list of boating brands in 2006 to offer just two, Sailfish and Glacier Bay. Choosing Honda 4-stroke outboards exclusively to power these boats is a strong reflection on both the retailer and the brand.

“We have been a sole Honda dealer for several years now and believe they are the perfect power choice for our distinct twin hull boat brands,” said Webbe Marine Co-Director Gavan Daly.

“Honda 4-strokes are renowned for their build quality, quiet operation, smooth performance and fuel efficiency. These attributes continue to appeal to our customers and give us confidence that our boats will perform at their best with a Honda on the back.”

Webbe Marine offer two leading twin-hull power boat brands in Sailfish aluminium and Glacier Bay fibreglass catamarans. Chosen for their renowned offshore performance and sheer quality of finish, both brands have found favour with customers needing a boat that can handle the turbulent offshore waters of the eastern seaboard.

Both power cat brands available at Webbe Marine harness the power of twin outboard configurations, making them ideal for the smooth power of a Honda 4-stroke engine. From the world-first BF90 VTEC outboard to the top of the range BF225 V6 powerhouse, Honda has the engine range to power every Sailfish and Glacier Bay model and still deliver on economy, quiet operation and legendary Honda 4-stroke reliability.

“Once our customers experience the joys of owning and operating a Honda 4-stroke outboard, they never look back,” said Gavan Daly.

“We witnessed first-hand why Honda are leaders in 4-stroke outboards because that is the only technology platform they have been developing from the start. Every component in each engine is made and manufactured by Honda to deliver the quality and reliability expected from every outboard that leaves their world class factory.”

Webbe Marine is a specialist Sydney marine retailer, being the authorised agent for the Sailfish and Glacier Bay brand of boats. The company also proudly represents Honda outboards.
