

Webbe Marine Appointed Exclusive PowerCat Dealer

Sydney power catamaran specialist Webbe Marine has scored a major coup in being appointed as the exclusive PowerCat dealer for NSW.

In gaining the exclusive appointment, Webbe Marine's stable of hull franchises now covers Sailfish Aluminium

Catamarans, Webster's Twinfisher aluminium cats and now the fibreglass PowerCat boats.

All three brands are entirely Australian designed and manufactured, stamping Webbe Marine as the ultimate authority in the power catamaran market segment.

The Queensland manufactured PowerCat brand oozes style and quality. The brand itself is long established, being manufactured by a family owned and operated business. PowerCat brand is also impressive for the multitude of boating awards bestowed on various models in the range, making PowerCat one of the most awarded brands in the industry.

PowerCat is one of the original and best renowned fibreglass power catamarans manufactured in Australia with the brand well known for their sleek looks and high performance. With their luxury finish, extensive list of

standard inclusions and powered by Honda outboard engines, customers are assured that your boating experiences are nothing but a pleasure.

Ashley Faraj of Webbe Marine commented that his dealership is now the ultimate cat specialist in offering three uniquely different brands of power catamarans.

“The backbone of Webbe Marine was Sailfish, a top end, high quality aluminium catamaran,” Ashley said. “Then we recently won the rights to market and sell the NSW built Webster’s Twinfisher aluminium cats.”

“Now that PowerCat has come on board, we have truly rounded out the catamaran range to become the most comprehensive one-stop shop for power catamarans.”

“PowerCat was THE brand that I envied from afar, so when the opportunity presented itself to become the first and only marine retailer to be appointed by the manufacturer, we understandably seized it.”

The PowerCat range covers serious bluewater angling, sports boating and commercial applications. The PowerCat range commences with the 2500 model and goes as big as the PowerCat 3100 series.

PowerCat owners Steve and Lynda Shaw are glowing in their endorsement of Webbe Marine as their exclusive dealer.

“After selling PowerCat direct for such a long time, we decided it was time to go to the next level of business development and appoint a dealer to represent our product,” Steve Shaw said.

“There are precious few people who appreciate the finer points of a power catamaran, let alone operate a successful dealership. In Ashley Faraj and Gavan Daly at Webbe Marine we found just the right people to do the job.”

“Like ourselves, they are long established in the boat business, enjoy an excellent reputation and most importantly they know cats. We couldn’t have asked for a better fit.”

Webbe Marine will have a comprehensive range of PowerCat boats on display at the Sydney International Boat Show.

Webbe Marine is a specialist Sydney marine retailer of catamarans, being the authorised agent for the Sailfish, PowerCat and Webster’s Twinfisher catamarans. The company also proudly represents Honda outboards.
