

## The Powerful Gem

### **New** BY Series Electronic Control

(220MHP / 162kW : 260MHP / 191kW)

(150MHP / 110kW : 180MHP / 132kW)

### Sophisticated Engine Technology

The all-new BY Series of electronic control diesel engines produce supreme power, using the most sophisticated technology. Choose from six cylinders or four, from shaftdrive or sterndrive. You will be choosing supreme, clean performance – compact, light, quiet, smooth – with all the usual Yanmar reliability and durability.
