

YANMAR

Warranty Period

The limit of the warranty period for the parts shall be six months from the replacement date of the part.

Exemptions

1. Consumable parts are not included in this warranty
2. When a certain part of a defective part is replaced, the replacement part shall not be covered by this warranty
3. Yanmar shall not be liable to any secondary damage derived from the replaced part, even during the warranty period.
4. Yanmar shall not be liable to a claim or compensation for damages arising from improper repair or servicing carried out by a distributor or its dealers
5. Parts of machinery where parts other than Yanmar's genuine parts are used are excluded from this warranty.

Quality from the source

All Yanmar manufacturing plants are certified under ISO9001 and Yanmar engines are manufactured under this rigid quality control system. Genuine Yanmar parts are also manufactured under this system to ensure consistent quality.

Genuine Yanmar parts are distributed from the Kobe Parts Centre in Japan as well as three regional distribution hubs in Singapore, Amsterdam and Chicago. Yanmar continually aims to secure faster and more dependable parts supply, from the largest component right down to the smallest nut and bolt.

Leading brands choose Yanmar

Some of the biggest and most respected companies in both Australian and global markets specify Yanmar as the power source in original equipment products. From power generation, to water pumping, skid steer, lighting towers and agricultural equipment, chances are that Yanmar provides the diesel power for continuous operation.

Some popular brands with a heart of Yanmar include Wacker, Dingo, Scan Hi, Aussie Pumps, Kobelco and Takeuchi to name just a handful.
