

YANMAR

Yanmar ZT350 Sterndrive

The Perfect Match

Yanmar's all new ZT350 sterndrive is the perfect match for Yanmar's 4/6BY2 & 6LPA series marine diesel engines. Totally designed, engineered, warranted and proven by Yanmar, the ZT350 package is suitable for new boats, and re-powers too.

It's unique hydraulic clutch delivers exceptional smooth, shockless take up when shifting gears. Counter rotating propellers give you superb acceleration and tight tracking... all with superior handling in both single and twin installations.

With Yanmar's new ZT350, the choice is yours.

- Precision forged teeth gears for durability
- Yanmars own stainless steel counter rotating props for maximum efficiency
- Power steering & power trim
- Same installation dimensions as previously fitted drives
- Reduction ratios 1.65 / 1.78 / 1.97 / 2.18
- High flow exhaust and cooling systems
